PACER Administrative Account

The PAA includes the following features:

- The PAA administrator chooses which accounts to link to the PAA and sends an invitation to the individual user.
- The user may link his/her account to the PAA by accepting the request to join the PAA.
- Each user is an account owner and will take that same account to a new firm, where it can be linked to that organization's PAA.
- Individual users make updates to their own account.
- Either the PAA owner or the individual account owner will be able to unlink the account from a PAA when an attorney leaves.

PAA Administrator

The PAA can only be used for administrative purposes and does not provide access to case information. A PAA administrator is assigned to the PAA on behalf of the organization. This individual is responsible for the firm billing process.

Firm Billing Policies

- All charges associated with each individual PACER account are accrued to the PAA.
- Total charges for all associated PACER logins must be less than \$15 per quarter in order for the PAA to qualify for the \$15 waiver.
- The organization or firm is financially responsible for all associated PACER accounts.
- If the balance due on the PAA is not paid in full each quarter, access to the PACER service is suspended for all associated PACER accounts.
- The PAA is subject to the collection procedures described in the PACER Policies and Procedures document (<https://pacer.uscourts.gov/policy-procedures>).
- If the PAA has a past-due balance, new PACER accounts cannot be linked.
- PACER billing occurs in January, April, July, and October.
- One invoice is generated for the PAA. Itemization of charges for each PACER account is included in the invoice.
- A notification email is sent to the PAA administrator when the PAA invoice is available on the PACER website.
- Invoices are not generated and sent to PACER users associated with a PAA; however, PACER users have access to view their detailed transaction history.

Add Existing PACER Account to the PAA

The PAA administrator may request to link an individual PACER account to the PAA through the PACER website.

NOTE: The user must accept the request before an account is added to the PAA. The firm or organization is then responsible for all charges incurred by that account.

To add an existing PACER account:

1. Log in to **Manage My Account**.
